3.3 Methods of Procurement (23 CFR 172.7)

Procurement. The procurement of Federal-aid highway contracts for engineering and design related services shall be evaluated and ranked by the contracting agency using the following procedure:

(a) *Competitive Negotiation.* When Federal-aid highway funds are involved in the contract, competitive negotiation should be used for the selection of a consultant to provide engineering and design related services. The following procedures shall apply to the competitive negotiation process:

- (1) Scope, evaluation factors and cost estimate development. The contracting agency shall prepare:
 - (i) A scope of work before issuing a Request for Proposal that reflects a clear, accurate, and detailed description of the technical requirements for the services to be rendered and a list identifying the evaluation factors and their relative importance.
 - (ii) A detailed cost estimate, except for contracts awarded under small purchase procedures, with an appropriate breakdown of specific types of labor required, work hours, and an estimate of the consultant's fixed fee (considering the risk and complexity of the project) for use during negotiations.
- (2) Soliciting proposals
 - (i) Solicitation. The solicitation process shall be by advertisement (project, task or service), by mailing Requests for Proposals to certified/prequalified consultants, or any other method that ensures qualified in-State and out-of-State consultants are given the opportunity to be considered for award of a contract. It shall include a process where either:

 - (B) Proposals are solicited from all consultants that are interested in being considered for the work.
 - (ii) Request for proposal. The request for proposal shall:
 - (A) Provide a description of the scope of work and identification of the evaluation factors including their relative importance as included in paragraph (a)(1) of this section.

- (B) Specify the method(s) of payment (lump sum, cost plus a fixed fee, cost per unit of work, or specific rate(s) of compensation).

- (3) Analysis and selection
- (i) The consultants' proposals, containing the information required by paragraph (a)(2) of this section, shall be evaluated and ranked by the contracting agency. This process shall include an analysis of the proposals in comparison to the evaluation factors. In addition, the consultants' applicable work experience, present workload, past performance, staffing capabilities, etc., should be evaluated and included in the ranking process.
 - (ii) The award of engineering and design related services shall:
 - (A) Utilize qualifications-based procedures that either comply with the provisions of Title IX of the Federal Property and Administrative Services Act of 1949 (Pub. L. 92-582, 86 Stat. 1278 (1972), as amended) or utilize equivalent State qualifications-based procedures, or

- (5) Execution of contracts. The proposed contract including the agreed upon cost figures shall be submitted to the FHWA for approval prior to its execution.

3.4 Legislative Intent (287.001)

The Legislature recognizes that fair and open competition is a basic tenet of public procurement; that such competition reduces the appearance and opportunity for favoritism and inspires public confidence that contracts are awarded equitably and economically; and that documentation of the acts taken and effective monitoring mechanisms are important means of curbing any improprieties and establishing public confidence in the process by which commodities and contractual services are procured. It is essential to the effective and ethical procurement of commodities and contractual services that there be a system of uniform procedures to be utilized by state agencies in managing and procuring commodities and contractual services; that detailed justification of agency decisions in the procurement of commodities and contractual services be maintained; and that adherence by the agency and the vendor to specific ethical considerations be required.

3.5 Consultants Competitive Negotiation Act (287.055(4))

- a. For each proposed project, the agency shall evaluate current statements of qualifications and performance data on file with the agency, together with those that may be submitted by other firms regarding the proposed project, and shall conduct discussions with, and may require public presentations by, no fewer than three firms regarding their qualifications, approach to the project, and ability to furnish the required services.
- b. The agency shall select in order of preference no fewer than three firms deemed to be the most highly qualified to perform the required services. In determining whether a firm is qualified, the agency shall consider such factors as the ability of professional personnel; whether a firm is a certified minority business enterprise; past performance; willingness to meet time and budget requirements; location; recent, current, and projected workloads of the firms; and the volume of work previously awarded to each firm by the agency, with the object of effecting an equitable distribution of contracts among qualified firms, provided such distribution does not violate the principle of selection of the most highly qualified firms. The agency may request, accept, and consider proposals for the compensation to be paid under the contract only during competitive negotiations under subsection (5).
- c. This subsection does not apply to a professional service contract for a project the basic construction cost of which is estimated by the agency to be not in excess of the threshold amount provided in s. 287.017 for CATEGORY FIVE or for a planning or study activity when the fee for professional services is not in excess of the threshold amount provided in s. 287.017 for CATEGORY TWO. However, if, in using another procurement process, the majority of the compensation proposed by firms is in excess of the appropriate threshold amount, the agency shall reject all proposals and reinitiate the procurement pursuant to this subsection.
- d. Nothing in this act shall be construed to prohibit a continuing contract between a firm and an agency.

3.6 Conflicts of Interest (23 CFR 1.33)

No official or employee of a State or any other governmental instrumentality who is authorized in his official capacity to negotiate, make, accept or approve, or to take part in negotiating, making, accepting or approving any contract or subcontract in connection with a project shall have, directly or indirectly, any financial or other personal interest in any such contract or subcontract. No engineer, attorney, appraiser, inspector or other person performing services for a State or a governmental instrumentality in connection with a project shall have, directly or indirectly, a financial or other personal interest, other than his employment or retention by a State or other governmental instrumentality, in any contract or subcontract in connection with such project. No officer or employee of such person retained by a State or other governmental instrumentality shall have, directly or indirectly, any financial or other personal interest in any real property acquired for a project unless such interest is openly disclosed upon the public records of the State highway department and of such other governmental instrumentality, and such officer, employee or person has not participated in such acquisition for and in behalf of the State. It shall be the responsibility of the State to enforce the requirements of this section.

3.7 Acquisition of Professional Services

When a Local Agency determines it needs the services of a consultant, it must proceed according to the statutory provisions outlined in *Section 287.055, F.S.* State law applies to both the Department and the Local Agencies. Therefore, the Local Agency's procedures should be similar to the Department's *Acquisition of Professional Services Procedure (Topic 375-030-002)*.

3.8 Overhead Rates (indirect rates/Direct Salary Multipliers)

The acceptance of indirect cost rates established in accordance with the FAR by the cognizant agency if they are not under dispute and application of those rates for the purposes of contract estimation, negotiation, administration, reporting, and contract payment (23 U.S.C. 112(b)(2)(C) to (D) and 23 CFR 172.7(b)) will be used for contracts by Florida DOT and local public agencies utilizing Federal-aid.

3.9 DBE and MBE Participation (49 CFR 26.51)

Bidder(s) are encouraged to meet the maximum feasible portion of your overall goal, 9.91%, by using race-neutral means of facilitating DBE participation. Race-neutral DBE participation includes any time a DBE wins a prime contract through customary competitive procurement procedures, is awarded a subcontract on a prime contract that does not carry a DBE goal, or even if there is a DBE goal, wins a subcontract from a prime contractor that did not consider its DBE status in making the award (e.g., a prime contractor that uses a strict low bid system to award subcontracts).

3.10 Efforts to encourage awarding contracts to disadvantaged business enterprises (337.139)

In implementing chapter 90-136, Laws of Florida, the Department of Transportation shall institute procedures to encourage the awarding of contracts for professional services and construction to disadvantaged business enterprises. For the purposes of this section, the term "disadvantaged business enterprise" means a small business concern certified by the Department of Transportation to be owned and controlled by socially and economically disadvantaged individuals as defined by the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU). The Department of Transportation shall develop and implement activities to encourage the participation of disadvantaged business enterprises in the contracting process. Such efforts may include:

- (1) Pre-solicitation or pre-bid meetings for the purpose of informing disadvantaged business enterprises of contracting opportunities.
- (2) Written notice to disadvantaged business enterprises of contract opportunities for commodities or contractual and construction services which the disadvantaged business provides.
- (3) Provision of adequate information to disadvantaged business enterprises about the plans, specifications, and requirements of contracts or the availability of jobs.
- (4) Breaking large contracts into several single-purpose contracts of a size which may be obtained by certified disadvantaged business enterprises.

3.11 E-Verify (Florida Executive Order Number 11-116)

To comply with Presidential Executive Order 12989 and State of Florida Executive Order Number 11-116, Contractor agrees to utilize the U.S. Department of Homeland Security's E-verify system to verify the employment of all new employees hired by Contractor during the contract term. Contractor shall include in related subcontracts a requirement that subcontractors performing work or providing services pursuant to the state contract utilize the E-verify system to verify employment of all new employees hired by the subcontractor during the contract term. Contractors meeting the terms and conditions of the E-Verify System are deemed to be in compliance with this provision.

3.12 Nondiscrimination Federally Assisted Programs (49 CFR Part 21)

The purpose of this Part is to effectuate the provisions of title VI of the Civil Rights Act of 1964 (hereafter referred to as the Act) to the end that no person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity receiving Federal financial assistance from the Department of Transportation.

3.13 What Assurances Must Recipients and Contractors Make? (49 CFR 26.13 (b))

- (b) Each contract you sign with a contractor (and each subcontract the prime contractor signs with a subcontractor) must include the following assurance:

The contractor, sub recipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate.

3.14 Participation by Disadvantaged Business Enterprises (49 CFR Part 26)

This part seeks to achieve several objectives:

- (a) To ensure nondiscrimination in the award and administration of DOT assisted contracts in the Department's highway, transit, and airport financial assistance programs;
- (b) To create a level playing field on which DBEs can compete fairly for DOT-assisted contracts;
- (c) To ensure that the Department's DBE program is narrowly tailored in accordance with applicable law;
- (d) To ensure that only firms that fully meet this part's eligibility standards are permitted to participate as DBEs;
- (e) To help remove barriers to the participation of DBEs in DOT-assisted contracts;
- (f) To assist the development of firms that can compete successfully in the marketplace outside the DBE program; and
- (g) To provide appropriate flexibility to recipients of Federal financial assistance in establishing and providing opportunities for DBEs.

The City shall, upon receipt of the aforesaid documents, pay to the Consultant and the Consultant shall accept as full payment for its services, a sum of money equal to (a) the fee for each completed and accepted task as shown in Scope of Services and Consultant's Fee Schedule, plus (b) the percentage of the work completed in any commenced but uncompleted task, less (c) all previous payments and any amounts withheld by the City to settle claims against or to pay indebtedness of the Consultant in accordance with the provisions of the Agreement. In no case, however, the City will pay the Consultant an amount in excess of the total sum provided by this Agreement. It is hereby understood by and between City and Consultant that any payment made in accordance with this section to the Consultant shall be made only if said Consultant is not in default under the terms of this Agreement. If the Consultant is in default, then the City shall in no way be obligated and shall not pay to the Consultant any sum whatsoever.

It is expressly understood by the City and the Consultant that funding for any subsequent fiscal year of this Agreement is contingent upon appropriation of monies by the City, and the continuing receipt of state or federal grant funding, if applicable. In the event that funds are not available or appropriated, the City reserves the right to terminate the Agreement. The City will be responsible for payment of any outstanding invoices and work/services completed by the Consultant prior to such termination; provided, however, that the Consultant has fully complied with the terms of this Agreement.

In the event that the Consultant has abandoned performance under this Agreement, the City Mayor or designee may terminate this Agreement upon written notice to the Consultant indicating its intention to do so.

The City Mayor or designee reserves the right to terminate and cancel this Agreement in the event the Consultant shall be placed in either voluntary or involuntary bankruptcy, a receiver is appointed for the Consultant or an assignment is made for the benefit of creditors.

In the event the Consultant breaches this Agreement, the City shall provide written notice of the breach and the Consultant shall have ten days from the date the notice is received to cure. If the Consultant fails to cure within the ten days, the City Mayor or designee shall have the right to immediately terminate the Agreement and/or refuse to make any additional payment,

in whole or in part, and, if necessary, may demand the return of a portion or the entire amount previously paid to the Consultant due to:

- a. The quality of a portion or all of the Consultant's work not being in accordance with the requirements of this agreement;
- b. Refusal to submit to an audit or failure to provide the City with accurate and completed financial records;
- c. Repeated disregard of laws, ordinances, rules, regulations or orders of public or federal authority having jurisdiction;
- d. The quantity of the Consultant's work not being as represented in the Consultant's Payment Request, or otherwise;
- e. The Consultant's rate of progress being such that, in the City's opinion, substantial or final completion, or both, may be inexcusably delayed;
- f. The Consultant's failure to use Agreement funds, previously paid the Consultant by the City, to pay Consultant's project related obligations including, but not limited to, subcontractors, laborers and material and equipment suppliers;
- g. Claims made, or likely to be made, against the City or its property;
- h. Loss caused by the Consultant;
- i. The Consultant's failure or refusal to perform any obligations to the City, after written notice and reasonable opportunity to cure as set forth above.

In the event that the City makes written demand upon Consultant for amounts previously paid by the City as contemplated in the clause, the Consultant shall promptly comply with such demand. The City's rights hereunder survive the terms of this Agreement, and are not waived by final payment and/or acceptance.

3.22 Performance Evaluations

At the end of the contract, the receiving department will evaluate the successful Proposer's performance. This evaluation will become public record.

3.23 Records Retention

Such records shall be retained for a minimum of five (5) years after completion of the services.

PAPERWORK REDUCTION ACT STATEMENT: Public reporting burden for this collection of information is estimated to average 29 hours (25 hours for part 1 and 4 hours for Part 2) per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. PURPOSE

Federal agencies use this form to obtain information from architect-engineer (A-E) firms about their professional qualifications. Federal agencies select firms for A-E contracts on the basis of professional qualifications as required by 40 U.S.C. chapter 11, Selection of Architects Engineers, and Part 36 of the Federal Acquisition Regulation (FAR).

The Selection of Architects and Engineers statute requires the public announcement of requirements for A-E services (with some exceptions provided by other statutes), and the selection of at least three of the most highly qualified firms based on demonstrated competence and professional qualifications according to specific criteria published in the announcement. The Act then requires the negotiation of a contract at a fair and reasonable price starting first with the most highly qualified firm.

The information used to evaluate firms is from this form and other sources, including performance evaluations, any additional data requested by the agency, and interviews with the most highly qualified firms and their references.

pages submitted in Part I in response to a public announcement for a particular project. Carefully comply with any agency instructions when preparing and submitting this form. Be as concise as possible and provide only the information requested by the agency.

GENERAL INSTRUCTIONS

Part I presents the qualifications for a specific contract.

Part II presents the general qualifications of a firm or a specific branch office of a firm. Part II has two uses:

1. An A-E firm may submit Part II to the appropriate central, regional or local office of each Federal agency to be kept on file. A public announcement is not required for certain contracts, and agencies may use Part II as a basis for selecting at least three of the most highly qualified firms for discussions prior to requesting submission of Part I. Firms are encouraged to update Part II on file with agency offices, as appropriate, according to FAR Part 36. If a firm has branch offices, submit a separate Part II for each branch office seeking work.

2. Prepare a separate Part II for each firm that will be part of the team proposed for a specific contract and submitted with Part I. If a firm has branch offices, submit a separate Part II for each branch office that has a key role on the team.

INDIVIDUAL AGENCY INSTRUCTIONS

Individual agencies may supplement these instructions. For example, they may limit the number of projects or number of

STANDARD PROFESSIONAL SERVICES AGREEMENT TERMS
June, 2011

1. **SERVICES AND PERFORMANCE**

- A. Before making any additions or deletions to the work described in the Agreement, and before undertaking any changes or revisions to such work, the parties will negotiate any necessary cost changes and will enter into a Supplemental Agreement covering such work and compensation. Reference herein to the Agreement will be considered to include any Supplemental Agreement.
- B. In the performance of professional services, the Consultant will use that degree of care and skill ordinarily exercised by other similar professionals in the field under similar conditions in similar localities. The Consultant will use due care in performing its services and will have due regard for acceptable engineering standards and principles. Consultant's standard of care shall not be altered by the application, interpretation, or construction of any other provision of this Agreement.
- C. The Consultant agrees to provide project schedule progress reports in a format acceptable to the City and at intervals established by the City. The City will be entitled at all times to be advised, at its request, as to the status of work being done by the Consultant and of the details thereof. Coordination will be maintained by the Consultant with representatives of the City, or of other agencies interested in the project on behalf of the City. Either party to the Agreement may request and be granted a conference.
- D. All services will be performed by the Consultant to the satisfaction of the Director who will decide all questions, difficulties and disputes of any nature whatsoever that may arise under or by reason of the Agreement, the prosecution and fulfillment of the services hereunder and the character, quality, amount and value thereof; and the decision upon all claims, questions and disputes will be final and binding upon the parties hereto. Adjustments of compensation and contract time because of any major changes in the work that may become necessary or desirable as the work progresses will be subject to mutual agreement of the parties, and Supplemental Agreement(s) of such a nature as required will be entered into by the parties in accordance herewith.

In the event that the Consultant and the City are not able to reach an agreement as to the amount of compensation to be paid to the Consultant for supplemental work desired by the City, the Consultant will be obligated to proceed with the supplemental work in a timely manner for the amount determined by the City to be reasonable. In such event, the Consultant will have the right to file a claim with the City for such additional amounts as the consultant deems reasonable; however, in no event will the filing of the claim or the resolution or litigation thereof through administrative procedures or the courts relieve the Consultant from the obligation to timely perform the supplemental work.

- E. In the event the work covered by this Agreement includes the preparation of construction plans, it is understood that the work may be divided into two or more construction projects by the Director and that, if this is done, the Consultant will supply construction plans for each project.
- F. The Consultant is authorized to use the City's computer facilities utilizing City programs required for the performance of the services herein. The Consultant will identify the programs required and submit a written request to the City's Project Manager for approval.
- G. All design work performed by the Consultant for projects where anticipated construction cost is one million dollars (\$1,000,000) or more will be subject to Value Engineering. The City further reserves the right to subject projects of lesser construction cost to Value Engineering should the City deem circumstances are present that warrant such a decision. Value Engineering may be performed at any stage of the design process. Unless specifically identified in the Agreement, the Consultant will not be required to perform the Value Engineering analysis.
- H. The Consultant will not be liable for use by the City of plans, documents, studies or other data for any purpose other than intended by the terms of this Consultant Agreement.

- I. All tracings, plans, specifications, maps, computer files and/or reports prepared or obtained under this Agreement, as well as all data collected, together with summaries and charts derived therefrom, will be considered works made for hire and will become the property of the City upon completion or termination without restriction or limitation on their use and will be made available, upon request, to the City at any time during the performance of such services and/or upon completion or termination of this Agreement. Upon delivery to the City of said document(s), the City will become the custodian thereof in accordance with Chapter 119, Florida Statutes. The Consultant will not copyright any material and products or patent any invention developed under this agreement. The City will have the right to visit the site for inspection of the work and the products of the Consultant at any time.

2. **TERM:**

- A. Services required after completion of scheduled project services, including, but not limited to, design assistance, construction assistance, and litigation assistance, will be completed within the term of this Agreement at written direction of the City. Supplemental Agreements may be negotiated for any post project schedule services needed by the City after scheduled project services.

In the event it becomes impracticable or impossible for the Consultant to complete the expected services within the term of this Agreement due to delays on the part of the City or circumstances beyond the control of the Consultant, the Agreement may be extended. An extension of the Agreement must be in writing.

- B. In the event there are delays caused by the City in approval of any of the materials submitted by the Consultant or if there are delays occasioned by circumstances beyond the control and without fault or negligence of the Consultant which delay the scheduled project completion date, the City may grant an extension of time equal to the aforementioned project schedule delay, as a minimum and not to exceed the Agreement term, by issuance of a Time Extension Letter. This letter will be for time only and does not include any additional compensation.

It will be the responsibility of the Consultant to ensure at all times that sufficient time remains in the Project Schedule within which to complete the services on the project. In the event there have been delays which would affect the project completion date, the Consultant will submit a written request to the City which identifies the reason(s) for the delay, the amount of time related to each reason and specific indication as to whether or not the delays were concurrent with one another. The City will review the request and make a determination as to granting all or part of the requested extension.

In the event time for performance of the scheduled project services expires and the Consultant has not requested, or if the City has denied, an extension of the Project Schedule completion date; partial progress payments will be stopped on the date time expires. No payment shall be made for work performed after the Project Schedule completion date until a time extension is granted or all work has been completed and accepted by the City if the Agreement term has not expired.

3. **COMPENSATION:**

- A. Bills for fees or other compensation for services or expenses will be submitted to the City in detail sufficient for a proper preaudit and postaudit thereof. The City will render approval or disapproval of services within five working days of the receipt of a written progress report unless otherwise stated in the Agreement. The progress report will be accompanied by an appropriate invoice.
- B. The bills for any travel expenses, when authorized by terms of this Agreement and by the City's Project Manager, will be submitted in accordance with Section 112.061, Florida Statutes.
- C. Records of costs incurred under terms of this Agreement will be maintained and made available upon request to the City at all times during the period of this Agreement and for three years after final payment for the work pursuant to this Agreement is made. Copies of these documents and records will be furnished to the City upon request.

- D. Records of costs incurred will include the Consultant's general accounting records and the project records, together with supporting documents and records, of the Consultant and all subconsultants performing work on the project, and all other records of the Consultant and subconsultants considered necessary by the City for a proper audit of project costs.
- E. The general cost principles and procedures for the negotiation and administration, and the determination or allowance of costs under this Agreement will be as set forth in the Code of Federal Regulations, Titles 23, 48, 49, Rule Chapter 14-75, Florida Administrative Code, and other pertinent Federal and State Regulations, as applicable, with the understanding that there is no conflict between State regulations and Federal regulations in that the more restrictive of the applicable regulations will govern.
- F. The Consultant should be aware of the following time frames. Upon receipt, the City has ten (10) working days to inspect and approve the goods and services, unless the Agreement specifies otherwise. The City has 20 days to deliver a request for payment (voucher) to the Finance Department. The 20 days are measured from the latter of the date the invoice is received or the goods or services are received, inspected and approved.
- G. If a payment is not available within 40 days, a separate interest penalty at a rate established pursuant to Section 215.422, Florida Statutes, will be due and payable, in addition to the invoice amount, to the Consultant. Interest penalties of less than one dollar will not be paid unless the Consultant requests payment. Invoices which have to be returned to a Consultant because of Consultant preparation errors will result in a delay in the payment. The invoice payment requirements do not start until a properly completed invoice is provided to the City.
- H. For State projects only: A Vendor Ombudsman has been established within the Department of Financial Services. The duties of this individual include acting as an advocate for vendors who may be experiencing problems in obtaining timely payment(s) from a state agency. The Vendor Ombudsman may be contacted at (850) 413-5516.
- I. Except for issues arising from contract indemnification provisions, the City will have the right to retain out of any payment due the Consultant under this Agreement an amount sufficient to satisfy any amount due and owing to the City by the Consultant on any other Agreement between the Consultant and the City. The City may withhold payment on any invoice in the event that the Consultant is in default under any provision of this Agreement or any other Agreement between the Consultant and the City as of the time of processing the invoice or as of the time payment is made available on the invoice. This right to withhold will continue until such time as the default has been cured, and, upon cure, the City will have the right to retain an amount equal to the damages suffered as a result of the default.
- J. It is mutually agreed and understood that the following provision will be applicable to this Agreement if the compensation to be paid to the Consultant, whether by lump sum or cost-plus-a-fixed-fee, will exceed the threshold amount provided in Section 287.017, Florida Statutes, for CATEGORY FOUR.

The Consultant hereby certifies, covenants and warrants that wage rates and other factual unit costs provided the City to support the compensation are accurate, complete and current as of the date of this Agreement. It is further agreed that the Agreement price will be adjusted to exclude any significant sums by which the City determines the Agreement price was increased due to inaccurate, incomplete or non-current wage rates and other factual unit costs. All such Agreement adjustments must be made within one year following the end of the Agreement. For this purpose, the end of the Agreement is the date of final billing or acceptance of the work by the City, whichever is later.

- K. The City, during any fiscal year, will not expend money, incur any liability, or enter into any contract which, by its terms, involves the expenditure of money in excess of the amounts budgeted as available for expenditure during such fiscal year. Any contract, verbal or written, made in violation of this subsection is null and void, and no money may be paid on such contract. The City will require a statement from the comptroller of the City that funds are available prior to entering into any such contract or other binding commitment of funds. Nothing herein contained will prevent the making of contracts for periods exceeding one year, but any contract so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years. Accordingly, the City's performance and obligation to pay under this Agreement is contingent upon an annual appropriation by the Legislature.

4. **INDEMNITY AND INSURANCE:**

- A. If the Consultant is an individual or entity licensed by the state of Florida who holds a current certificate of registration under Chapter 481, Florida Statutes, to practice architecture or landscape architecture, under Chapter 472, Florida Statutes, to practice land surveying and mapping, or under Chapter 471, Florida Statutes, to practice engineering, and who enters into a written agreement with the City relating to the planning, design, construction, administration, study, evaluation, consulting, or other professional and technical support services furnished in connection with any actual or proposed construction improvement, alteration, repair, maintenance, operation, management, relocation, demolition, excavation, or other facility, land, air, water, or utility development or improvement, the Consultant will indemnify and hold harmless the City, and its officers and employees, from liabilities, damages, losses, and costs, including, but not limited to, reasonable attorneys' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Consultant and other persons employed or utilized by the Consultant in the performance of the contract.

The parties agree that 1% of the total compensation to the Consultant for performance of this Agreement is the specific consideration from the City to the Consultant for the Consultant's indemnity agreement.

- B. The Consultant will have and maintain during the term of this Agreement, a professional liability insurance policy or policies, or an irrevocable letter of credit established pursuant to Chapter 675 and Section 337.106, Florida Statutes, with a company or companies authorized to do business in the State of Florida, affording professional liability coverage for the professional services to be rendered in accordance with this Agreement in the amount specified in the Agreement.
- C. Under the terms of this agreement, the plans, reports and recommendations of the Consultant will be reviewed by the City for conformity with FDOT standards and agreement terms. However, review by the City does not constitute detailed review or checking of design components and related details, or the accuracy with which designs are depicted on the plans.
- D. Acceptance of the work by the City or Agreement termination does not constitute City approval and will not relieve the Consultant of the responsibility for subsequent corrections of any errors and/or omissions and the clarification of any ambiguities. The Consultant shall make all necessary revisions or corrections resulting from errors and/or omissions on the part of the Consultant without additional compensation. If these errors and/or omissions are discovered during the construction of the project, they shall be corrected without additional compensation.

5. **COMPLIANCE WITH LAWS:**

- A. All final plans, documents, reports, studies and other data prepared by the Consultant shall bear the professional's seal/signature, in accordance with the applicable Florida Statute that governs and Administrative Rules promulgated by the Department of Business and Professional Regulation, and guidelines published by the City, in effect at the time of execution of this Agreement. In the event that changes in the Statute or Rules create a conflict with the requirements of the published guidelines, requirements of the Statute and/or Rules shall take precedence.
- B. Chapter 337.162 Florida Statutes applies as follows:
- (1) If the City has knowledge or reason to believe that any person has violated the provisions of state professional licensing laws or rules, it will submit a complaint about the violations to the Department of Business and Professional Regulation. The complaint will be confidential.
 - (2) Any person who is employed by the City and who is licensed by the Department of Business and Professional Regulation and who, through the course of his employment, has knowledge to believe that any person has violated the provisions of state professional licensing laws or rules will submit a complaint about the violations to the Department of Business and Professional Regulation. Failure to submit a complaint about the violations may be grounds for disciplinary action pursuant to Chapter 455 and the state licensing law applicable to that licensee. The complaint will be confidential.
 - (3) Any confidential information submitted to the Department of Business and Professional Regulation will remain confidential pursuant to Chapter 455 and applicable state law.

- C. The Consultant will comply with all federal, state and local laws and ordinances applicable to the work or payment for work thereof, and will not discriminate on the grounds of race, color, religion, sex, national origin, age or disability in the performance of work under this Agreement.
- D. The Consultant warrants that the Consultant has not employed or retained any company or person, other than a bona fide employee working solely for the Consultant, to solicit or secure this Agreement, and that he has not paid or agreed to pay any person, company, corporation, individual, or firm any fee, commission, percentage, gift or any other consideration, contingent upon or resulting from the award or making of this Agreement. It is understood and agreed that the term "fee" shall also include brokerage fee, however denoted. For the breach or violation of this Paragraph, the City shall have the right to terminate this Agreement without liability, and, at its discretion, to deduct from the contract price, or otherwise recover, the full amount of such fee, commission, percentage, gift or consideration.
- E. The Consultant shall allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the Consultant in conjunction with this Agreement. Failure by the Consultant to grant such public access shall be grounds for immediate unilateral cancellation of this Agreement by the City.
- F. The Consultant agrees that it will make no statements, press releases or publicity releases concerning this Agreement or its subject matter or otherwise disclose or permit to be disclosed any of the data or other information obtained or furnished in compliance with this Agreement, or any particulars thereof, during the period of the Agreement, without first notifying the City and securing its consent in writing. The Consultant also agrees that it will not publish, copyright or patent any of the data developed under this Agreement, it being understood that such data or information is the property of the City.
- G. Consultant covenants and agrees that it and its employees will be bound by the standards of conduct provided in applicable Florida Statutes and applicable rules of the Department of Business and Professional Regulation as they relate to work performed under this Agreement. Consultant further covenants and agrees that when a former state employee is employed by the Consultant, the Consultant will require that strict adherence by the former state employee to Florida Statutes 112.313(9) and 112.3185 is a condition of employment of said former state employee. These statutes will by reference be made a part of this Agreement as though set forth in full. Consultant agrees to incorporate the provisions of this paragraph in any subcontract into which it might enter with reference to the work performed pursuant to this Agreement.
- H. A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid on a contract to provide any goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list.
- I. The City will consider the employment by any contractor of unauthorized aliens a violation of Section 274A(e) of the Immigration and Nationality Act. Such violation will be cause for unilateral cancellation of this Agreement, by the City, if the Consultant knowingly employs unauthorized aliens.
- J. **DISCRIMINATION:** An entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid on a contract to provide goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to a public entity, may not award or perform work as a contractor, supplier, subcontractor, or consultant under contract with any public entity, and may not transact business with any public entity.

6. TERMINATION AND DEFAULT

- A. The City may terminate this Agreement in whole or in part at any time the interest of the City requires such termination, as follows:
- (1) If the City determines that the performance of the Consultant is not satisfactory, the City may notify the Consultant of the deficiency with the requirement that the deficiency be corrected within a specified time; but not less than 10 days. Otherwise the Agreement will be terminated at the end of such time or thirty (30) days whichever is sooner.
 - (2) If the City requires termination of the Agreement for reasons other than unsatisfactory performance of the Consultant, the City will notify the Consultant of such termination, with instructions as to the effective date of work stoppage or specify the stage of work at which the Agreement is to be terminated.
 - (3) If the Agreement is terminated before performance is completed, the Consultant will be paid for the work satisfactorily performed. Payment is to be on the basis of substantiated costs, not to exceed an amount which is the same percentage of the contract price as the amount of work satisfactorily completed is a percentage of the total work called for by the Agreement.
- B. The City reserves the right to cancel and terminate this Agreement in the event the Consultant or any employee or agent of the Consultant is convicted for any crime arising out of or in conjunction with any work being performed by the consultant for or on behalf of the City, without penalty. It is understood and agreed that in the event of such termination, all tracings, plans specifications, computer files, maps, and data prepared or obtained under this Agreement will immediately be turned over to the City. The City reserves the right to terminate or cancel this Agreement in the event the Consultant will be placed in either voluntary or involuntary bankruptcy or an assignment be made for the benefit of creditors. The City further reserves the right to suspend the qualifications of the Consultant to do business with the City upon any such conviction.
- C. If the Agreement is for goods or services of \$1 million or more and was entered into or renewed on or after July 1, 2011 and the City determines that the Vendor submitted a false certification under Section 287.135(5), Florida Statutes, or if the Vendor has been placed on the Scrutinized Companies with Activities in the Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, the City shall have the option of (1) terminating the Agreement after it has given the Vendor notice and an opportunity to demonstrate the agency's determination of false certification was in error pursuant to Section 287.135(5)(a), Florida Statutes, or (2) maintaining the Agreement if the conditions of Section 287.135(4), Florida Statutes, are met.

7. ASSIGNMENT AND SUBCONTRACTORS

The Consultant is fully responsible for satisfactory completion of all subcontracted work. The Consultant, however, will not sublet, assign or transfer any work under this Agreement to other than subconsultants specified in the Agreement without the written consent of the City.
- B. The Consultant must state in all subcontracts that services performed by any such subconsultant will be subject to the Professional Consultant Work Performance Evaluation System as defined in Chapter 14-75, Florida Administrative Code.
